

REMARKS

Applicant wishes to thank the Examiner for speaking with Applicant's representative on June 2, 2008. During the conversation with the Examiner, Applicant's representative discussed the Advisory Action of May 28, 2008. The Advisory Action states that new claims 21 and 22 in the May 2, 2008 After Final Amendment present matter which would require further consideration. However, Applicant's representative pointed out that new claims 21 and 22 in the May 2, 2008 After Final Amendment provide for the allowable subject matter noted in the final rejection. The Examiner agreed that new claims 21 and 22 should be allowed as claims 21 and 22 in fact provide for the allowable subject matter found in the final rejection.

Claims 1, 4-8, 11-15 and 18-22 are in this application and are presented for consideration. By this Amendment, Applicant has amended claims 1, 4, 5, 8, 12, 15 and 18-20. Specifically, Applicant has amended claims 1, 8 and 15 to include the allowable subject matter mentioned in the final rejection. Applicant has also added new claims 21 and 22, which provides for the allowable features featured in the final rejection. New claim 21 is a combination of the features found in claims 1, 2, 5 and 6. New claim 22 is a combination of features found in claims 8 and 11. The title of the specification has also been amended to provide a more descriptive title. It is Applicant's position that the application is now in condition for allowance. However, the Examiner is invited to call one of Applicant's representatives at the telephone number listed below should there be any outstanding issues remaining. It is further requested that the one month extension fee be waived as this is exactly

the same amendment that was submitted on May 2, 2008.

Favorable consideration on the merits is requested.

Respectfully submitted
